****TIGHTEN ALL FASTENERS AS YOU GO****

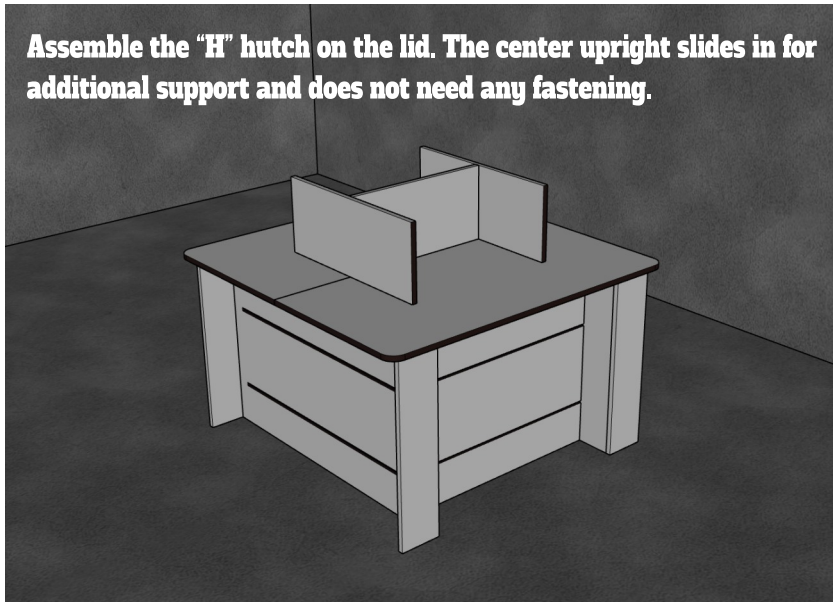

Attach both narrow slotwall panels into fasteners of wide slotwall panels.

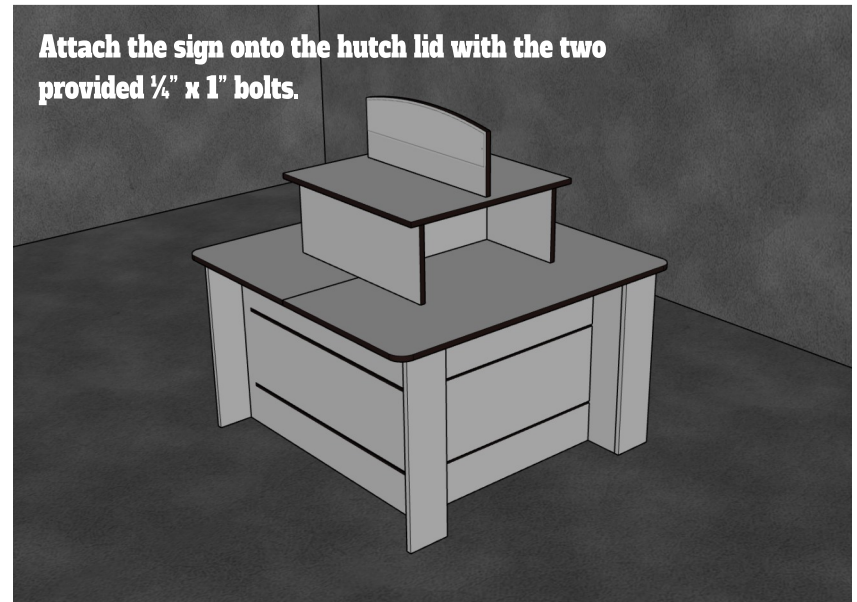

Attach winglets (noting left- and right-hand sides) first, with the dowels facing UP. Place both lid halves on top.

Assemble the "H" hutch on the lid. The center upright slides in for additional support and does not need any fastening.

Attach the sign onto the hutch lid with the two provided 1/4" x 1" bolts.
